THE SUBURBAN HANDICAP.

Lowlander Wins the Big Event at Sheepshead Bay in Very Fast Time.

NEW YORK, June 20 .- The Suburban handicap of 1893, the tenth in the history of the event, was a most grievous disappointment to the turf-loving public. Lamplighter, their idol, who was looked upon as a sure victor in the great race, was made to fall from the high pedestal upon which he had been placed, and the halo of victory which had gathered about him because of his numerous successes was completely dispelled. He was vanquished strictly on his merits, as the race was fairly run from beginning to end. There was no crowding or jostling, as was the case in the Brooklyn bandicap, the field was comparatively small and every jookey rode to win in as fair a manner as possible.

Lowlander, by Lowland Chief, dam Restcareer, won the race from end to end. He went out at the fail of the flag, set the pace to suit himself, and won almost as he pleased in the fast time of 2:064. Territier, father Bill Daly's candidate, was secand, three-quarters of a length away, while Lamplighter, the even-money favorite, that shrewd turimen said could not lose, was third, four lengths back. Lowlander was at 10 to I against in the betting, and all kinds of fancy prices could be obtained about the changes of Terrifier. The race was worth \$18,000 to the winner, \$5,000 to the second horse and \$2,000 to the third. The winner is owned by bookmaker Fred Lowe, and besides the rich stake he netted many thousands of dollars in bets by the victory

Suburban day this year opened and con-tinued bright and clear, but oppressively hot. A pitiless sun beat down on the Sheepshead bay track with withering intensity. Every breath of air that reached the sweltering occupants of the grand stand was like a blast from an oven, while the betting shed was like a huge furnace. Those who had the hardihood to venture within its portals were soon perspiring as freely as if within the steam room of a Turkish bath. The crowd began to arrive early. The trains were simply packed with a solid, perspiring mass of humanity, and when the bugle called the horses to the post in the first race fully twenty thousand persons were on the grounds, and this im-mense throng was steadily augmented up to the time set for the Suburban.

The first three races could not be run quick enough to suit the crowd. They had come to see the Suburban prize contested for, and it could not be served up too quickly for them. The victories of Dobbins. Ameer and Lizzie created but meagre enthusiasm, but the third race over matters began to assume a more animated appearance. This was especially true of the betting ring which, crowded and thronged as it had been before, now became densely packed. Everybody must have a bet on the Suburban and everybody seemed to be there. Crowding and jostling there was in plenty, but it was all done good naturedly and no accidents occurred.

PICKED THE WRONG HORSE. Raceland and Charade were early declared out of the race, and the betting crowd, therefore, had nine horses from which to pick the winner. The question was quickly settled as far as the betting ring was concerned, as to which of the thoroughbreds would prove the victor. Lamplighter was immediately and spontaneously matalled an even money favorite, and so he remained throughout. Banquet was the next in demand at fours, while Mars, Lowlander and l'essara were at tens. Twelves could be obtained about Dr. Hasbronck and The Pepper, and thirties and sixties about Terrifier and the English horse Iddesleigh. An immense amount of money was wagered on the result, and most of this remained with the bookies, as subsequent events proved.

The race was set for 4:50 and promptly at that time the horses were called to the post. Pessara wa- the first to appear on the track, but immediately after him came Terrifier, The Pepper, Dr. Hasbrouck and Iddesleigh, while Lowlander and Banquet quickly followed these. Lamplighter and Mars did not pass the grand stand, but captered from their stables to the post. It was 4:58 before the horses had been as-

signed to positions for the grand handicap. After several breaks the flag dropped to a good start, with Dr. Hasbronck in front. The others were almost in a line close behad. McDermitt immediately drove Lowlander in the lead, while Terrifier and Iddesleigh took second and third places, respectively. Dr. Hasbrouck was fourth and Lamplighter lay fifth in a good position. The others were in a close bunch in the rear. This order was maintained to the middle of the back stretch, where Lowlander and the other leaders drew away from Lamplighter and those composing the rear bunch. At the head of the back stretch iddesleigh dropped back beaten. and Lamplighter and Banquet began to make their run. Lowlander turned into the home stretch, three lengths before Terrifier and Dr. Hasbrouck, who were neck and neck, two lengths before Lamplighter. The flying leader never faltered, and passed under the wire a rather easy winner. Terrifier shook himself clear of Dr. Hasbrouck in the final sixteenth and secured the place by four lengths from Lamplighter, who beat Dr. Hasbronck a head. Banquet, The Pepper, Mars, Iddesleigh and Pessara finished in the order

The horses, in the order in which they finished, their weights and jockeys, follow: Lowlander, 105 (McDermott); Terrifler, 95 (J. Lamley); Lamplighter, 120 (Sims); Dr. Hasbrouck, 116 (Bergen); Banquet, 126 (Lamley); The Pepper, 112 (Overton); Mars, 112 (Littlefield); iddesleigh, 105 (Hamilton); Pessara, 115 (Taral.)

TELEGRAPH WIRES CUT. The crowd, when they reached the race track, had a curious experience. The guards and officials stationed at the gates cried out the warning, "No exit at this gate until after the Suburban." Many did not like the idea of being made prisoners for several hours, but there was nothing to do but submit if one wished to see the race. Over maide the inclosure it was seen that the fence surrounding the grounds was at all points guarded by Pinkerton men. Inquiry elicited the fact that these extraordinary precautions were taken to prevent the Guttenburg race-track people and the Fort Lee pool rooms from getting | near Logansport, La.

any information regarding the races at Sheepshead Bay, but subsequent events showed that this was not altogether the cause. It was said later that the Jockey Club was also fighting the Western Union Telegraph Company, because of dissatisfaction over the amount the telegraph people were paying for sending race news to the Western pool rooms. The Western Union office was removed from the course by order of the officials, and it was therefore impossible to get any news from the track even for the press. The Western Union estabished an office some distance away outside the track, but this could not be reached on account of the "no exit" rule.

After the Suburban, when egress was allowed, the wires, which happened to pass over the Jockey Club's property, were cut. Communication was finally restored and then some person unknown gave out untrue information as to the placed horses in the Suburban. This made Lamplighter the winner, Mars second and Iddesleigh third. This false information was telegraphed all York, and caused a great deal of confusion. The club officials threaten to cut down the Western Union poles in front of their property and a merry war, in which the public will be the chief sufferer, will likely ensue. Fast Time by Clifford. CINCINNATI, June 20 .- A fast track and pleasant weather made the sport at Latonia to-day good. There were fifty-four entries, of which forty started. Five favorites and one third choice won. St. Louis, June 20 .- Although there was a stake event on the card at the fair grounds to-day, the racing was of a low order. The majority of the events were for beaten horses, and an undesirable lot of animals fought for the coin. The St. Louis Brewing Association stakes, with \$1,000 added, at one and one-sixteenth mile, was the feature. Only three horses faced the flag, and St. Joe had a cake walk. MUNCIE, Ind., June 20.-For fourteen stubornly contested innings, this afternoon, the Indianapolis and Muncie clubs battled for victory at the new park opened here to-day. The contest was finally declared a draw. Pitcher Jot Goar, the youngster who made a reputation with Muncie in State league days, carried off the honors, pitching every inning, and allowing but five hits and two runs. He received magnificent support, but no better than was given the visiting twirler. After Miss Eilis pitched the new ball in the diamond umpire George Oaster called thegameat 8:30 o'clock, Indianapolis scored in the first inning, and Muncie tied it in second, when Ted Whiteman made a homerun. Special to the Indianapolis Journal. CRAWFORDSVILLE, Ind., June 20 .- To-day at Wabash College has been almost as big day as will be to-morrow, when President Burroughs will be formally installed and diplomas conferred on the graduates. The annual meeting of the trustees was held and the votes counted on the election of an alumnus member of the board. The vote was as follows: C. B. Landis, '83, Delphi, 72 votes; J. M. Butler, '56, Indianapo-50; A. B. Anderson, '79, city, O. A. Smith, '83. Evansville, 50; 39; W. A. Woods, '59, Indianapolis, 29, With these returns before them, the trustees elected for the term of 1893-97 are R. E. Bryant, city; J. M. Butler, Indianapolis; W. S. Hubbard, Indianapolis; W. A Woods, Chicago, and C. B. Landis, Delphi. S. P. Williams, of Lima, sent in his resignation and declined re-election, on account of his age.

Arrangements were made for the more careful supervision of the preparatory department, and will be in charge of the professors of Greek, Latin, English, mathematics and German. One thousand dollars was appropriated for the purchase of a reference library for the several departments. The trustees provided for a college council to which shall be referred all matters pertaining to the unruly actions of the students. This council will consist of the college president, four seniors, three juniors, two sophomores and two freshmen. Resolutions of thanks were passed to Simon Yandes and others who contributed to the \$60,000 endowment received during the past year. The treasurer's report shows that the finances are in

RECORD OF THE PRESIDENT. George Stockton Burroughs, who will be mangurated to-morrow as the fourth president of Wabash College, was born Jan. 6, 1855, at Waterloo, N. Y. His boyhood days were spent mostly in Brooklyn and Philadelphia. At the age of sixteen he entered the sophomore class at Princeton College, and graduated in 1873. He was in the Princeton theological class of 1877. May 30, 1877, he married Miss Emma F. Plumley, at Metuchen, N. J., and they have three children. On July 10, 1877, he was ordained a minister, and took charge of the First Presbyterian Church, at Slatington, Pa. In 1879 he accepted a call to the First Congregational Church, at Fairfield, Conn., where he remained until 1883. Then he removed to New Britain, Conn., where he was pastor of the Center Congregational Church until 1887. He was then called to the College Church, at Amherst, Mass., where he mained until accepting the presidency of Wabash College. His alma mater has bonored him with several academic degrees-A. B., M. A., Ph. D. and D. D. He is director and secretary of the American Institute of Sacred Literature, and is also a member of two other similar secreties-American Oriental Society and the Society of Biblical Litrature and Exegesis. His specialties are sacred learning and philosophy. He was chosen professor of biblical history and interpretation at Amherst College in 1886. Dr. Burroughs has thoroughly entered into every department of Wabash College, and has visited many cities of this State. He has already won a name that makes his services as a lecturer or minister in demand far in excess of his time to accommodate all. He arrived here to assume his duties on Nov. 11, 1892.

Dr. Charles A. Tuttle, the new professor of history and sociology, was born at Hadley, Mass., in 1861, and graduated from Amherst in 1883. He received the Woods prize for general culture and the Bond prize for the best written and most ably delivered oration at commencement. He has taught two years at Ware, Mass., spent two years at Heidleberg, Germany, studying political economy, political science and politics with Kari Knies; international law and general constitutional and administrative law with Von Bulmerineq and Schulze; history and institutes of Roman law with Bekker, and philosophy with Keno Fischer. He has received the degree of Ph. D. insigni cum laude, in July, 1886, from Heidleberg, for political economy, international law and general constitutional and administrative law. He is now associate professor of political economy and interna-

tional law at Amherst. Prof. James M. Chapman, professor of oratory, was born at Newmarket, N. H., and is forty-one years old. He has taught school, and his elecutionary training was received from Prof. Ralph G. Hibbard, of Wesleyan University, and also from Prof. Lewis B. Monroe, of Boston, and Samuel K. Murdock, of Philadelphia. He has given public readings over the Eastern State-, and taught special courses at several institutions of learning. The course in oratory at Wabash will be open to all students.

The Phi Gamma Deltas dedicated their new hall to-night. The following alumni have died during the past year: General S. S. Fry. class of 1840, who was present at the alumni banquet a year ago as the oldest living alumnus, and made an impressive address: Philander Anderson, class of '40; Horace Duy Thomas, class of '51; Benjamin M. Forty-Ninth Annual Commencement at This Well-Known Indiana Institution.

South Bend, Ind., June 20 .- The fortypinth commencement of the University of Notre Dame took place to-day. The excessively hot weather did not prevent the presence of a large number of guests from Chicago, New York and other points, most of whom accepted the hospitality of the great university. The literary programme took place this morning in Washington Hall. It consisted of music, a poem, essay and an oration. The main literary feature was the oration on "The Dignity of Labor," by Mgr. Seton, of New Jersey. The awarding of honors was the event of the commencement, and each recipient of a medal or diploma was greeted with a storm of applause. The degree of doctor of law was conferred on Hon. Lusouth Bend; Judges Richard Prendergast and Frank Scales, of Chicago; Mgr. Seton, of New Jersey.

The thirty-eighth annual commencement exercises of St. Mary's Academy also took place, to-day, in the presence of several hundred guests from a score of different points. The beautiful grounds never looked lovelier, and the commencement never occurred under more auspicious circumstances. The literary and musical programme was an exceptionally entertaining one, and was enacted in St. Augelas Hall. Each number was greeted with applause, and the young women did their best to show off their careful training. Mgr. Seton was present, and made a few closing remarks. RAIN KEPT VISITORS AWAY

Attendance at the World's Fair Yesterday Not Up to Expectations.

Plenty of Seats for the Weary-West Virginia Building Dedicated-The Big Ferris Wheel to Be Started To-Day.

CHICAGO, June 20 .- For a time to-day it looked as if the attendance at the world's fair would equal that'of German day. People poured in at the turnstiles by the thousands and they kept pouring in until after the noon hour, when it was estimated there were about 75,000 people on the grounds. About this time a big black cloud appeared and the rain came down in a perfect flood, so that the prospects for a 200,000 crowd were ruined. According to the thermometer the weather was decidedly hot, but a stiff breeze was blowing from the lake, so that the visitors did not suffer to any great extent. The complaint that benches were lacking in the fair grounds, especially in the vicinity of the music pavilions on the Administration plaza and around the grand basin, where the fireworks are usually set off, induced the management to take action, and to-day comfortable settees, with a total seating capacity of about forty thousand were placed conveniently about. This will enable visitors to sit and take in the daily concerts and to watch the pyrotechnic dis-

plays in the evening. To-night the attendance at the fair was given as follows: Adults, 90,681; children, 4,566; officers, workmen and exhibitors, 33,-091, making a total of 123,818.

Canada has outstripped its competitors in the June exhibit of cheese. The big eleven-ton cheese manufactured at the Dominion Experiment Station, at Porth, Ont., under the supervision of Professor Robertson, has been tested by the judges. In their report they say that the flavor is remarkably good and the body extra fine. In the June competition there were 667 cheese exhibits, mostly in Class I, which includes all factory cheese. Out of this number 185 exhibits scored sufficiently high to entitle them to medals and diplemas, 126 of these being Canadian cheese exhibits. Thirty-one lots from Canada scored higher than United States, and ranged in excellence from 95 per cent.

The United States Signal-service Bureau has made arrangements with the officials in charge of the captive balloon to make three or four ascensions each week for the purpose of making scientific observations. By means of the balloon the weather officers can attain a height of ever a quarter of a mile, and they hope to make observations and discoveries that will be of great advantage to the service.

The West Virginia State building was dedicated to-day. Governor McCorkle was down for a speech, but he found it impossible to be present. However, a number of prominent citizens of the State were present and participated in the exercise. The building was not decorated, and the exercises were simple. .".

All the arrangements have been completed for the dedication, to-morrow afternoon, of the big Ferris wheel, in Midway Plateance. Over five thousand invitations have been issued, and in addition to prominent residents of this city and visitors from ontside points there will be delegations from engineering societies East and West. The exercises will open at 3 o'clock, with the "Star-spangled Banner" by the Iowa State Band. At the conclusion of the speech the band will play "Yankee Doodle." Mr. Ferris will blow a signal on a gold whistle, and the big wheel, its thirty-six cars baving in the meantime been filled with two thousand invited guests, will start on its first regular trip.

There will be a big reunion of war veterans, both confederate and Union, at the fair, Oct. 20 to 24, inclusive. Those days have been designated by the exposition authorities. The Grand Army posts throughout the land will enter heartily into the plan to bring all the old soldiers they can to Chicago.

Another big celebration will soon be given at the fair over the arrival in this port of the Spanish caravels from their long and circuitous voyage via Halifax and the chain of lakes. The historic ships weighed anchor at Montreal to-night for a direct run to Chicago. The caravels will be the star attraction of the exposition on

Chicago Times Nearly all the State commissions have put up their buildings with the properides -that of making them clubhouses for their people, and, while all of them contain more or less exhibits, interesting exhibits, too, they all have some provision for rest and comfort.

The Indiana folks have probably done

the right thing more completely than anybody. A great, cool room, that takes up half the third story of the Hoosier building, has been fitted up exclusively for luncheon parties. The room has a clean linoleum floor, its many windows are white curtained, and it is filled with broad white tables, where whoever comes in may eat. There are polite servants in attendance and big pitchers of ice water are scattered everywhere. Hundreds of people come to this room every pleasant day. From 11 o'clock until 2 it is a merry place. The lunchers here are quite different from the dejected people who perch on steps, umber heaps and piles of staff, and munch dry food, in the lower end of the grounds. There is one certain similarity about the world's fair luncher, though, wherever he or she may be. That is the way they all have of packing their provender. The regulation party sits down on the best place attainable and the chief luncher un-wraps several layers of newspaper and cord from an oblong paper box. When the wrappings are all off you can almost certainly read something like this on the end of the box: "Men's bals., size 9, width B. style 769, price xjc." Lady Badly Afflicted Three Years. Tries Many Doctors Here and In England Without Benefit, Cured by Cuticura.

My wife having suffered from Scrofula sores on the back for three years, and at times she could not lie down at night, and she tried all the doctors I could get, and also went to England to try and be cured there, and all of them failed, and told her they could do nothing for her; and having tried all kinds of remedies I at last tried one box of your Cuticura Remedies, and to-day she is as well as she ever was in her life, and her back is as clear as any person living, and I for one can recommend Cuticura Remedies as the only one I could find to effect a cure.

G. W. JONES, Constable 25 Sayles street, Cleveland, O.

Scrofula Ten Years I had a running sore in my ear of a sorofula nature for ten years. Had been treated by several physicians, but obtained no relief until I tried Cuticura, which healed it up in a few days. This was more than three years ago, and I have had no trouble with it since. I consider your Cuticura Remedies unexcelled for the diseases you claim to cure. Mrs. R. A. WOODFORD, Scatterwood, S. D.

Blood Poisoning

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon serrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. Her husband spenthundreds of dollars without any benefit. She weighed but 78 pounds, and saw no prospect of help. Mrs. M. E. O'Fallon. At last she began to

take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says, "I became perfectly cured by Hood's Sarsaparilla

and am now a well woman. I weigh 128 pounds, eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead." HOOD'S PILLS should be in every family
